1. Reference your No. 43[i]. "PALM's" [B/S wish] to receive a technical encyclopaedia as a present must be regarded as a bid to legalise his relations with us. It is essential to reject a suggestion of that kind for the incorporation of "PALM" and [B/S to conduct] all work with him [2 groups unrecovered]. Refrain from [making][a] presents to "PALM".

2. Reference your No. 42[ii]. We agree with "NESTOR's" plan of action.
